CURRENCY & CREDIT CARDS

Ecuador's official currency is the U.S. dollar, so that makes it easy for American travelers. There are no currency restrictions for entry too exit from Ecuador. However, Ecuador's banking systems and commercial sites do not accept \$100 bills, so it's recommended to bring smaller bills. Make sure to contact your bank a few weeks before departure to alert them to your international travel dates and locations. This will keep your cards active while abroad. Keep in mind that fees will be charged for international purchases.

VAT

"VAT" stands for value-added tax. The tax is included in the price of the item, so the price you see is the price you pay. In Ecuador, the VAT is 12%.

CELL PHONE USAGE

Most cell phone carriers have additional international packages that you can add on at a monthly or daily rate. Depending on the carrier, this can cost anywhere from \$10-\$40 and will provide limited text messages, data usage, and calling minutes.

INTERNET ACCESS

Your hotels and bus may have access to the internet, however, keep in mind that unless you have purchased an international data plan for your phone, access to email, texting, and other Internet-based applications will be subject to Wi-fi availability.

VACCINATIONS

We recommend using resources such as the Center for Disease Control as you consult with your home doctor or other trusted medical sources, in order to make the best possible decision regarding your health. If you reside in the Central Virginia Region, below are local medical offices that you may consider consulting. Keep in mind some vaccinations require a minimum amount of time to take effect before entering another country. Communicate when and where you will be traveling.

*We will try our best to provide a variety of food options for meals but cannot accommodate every dietary preference. For daily touring, it is highly encouraged to bring your own snacks if you believe you will get hungry during the day.
