# INTERNATIONAL TRAVEL INSURANCE

International travel insurance is included within your trip costs, covering you from October 5th 2024 through October 12th, 2024. The policy is comprehensive in nature and is used throughout the University for all international travel. If you would like coverage for additional aspects of travel beyond what is highlighted in the policy, please feel free to purchase separate third party insurance as a supplement to what is already provided. For more information on your current coverage email LUSend@liberty.edu

In France, the official currency is the Euro, represented by the symbol "€". Major international credit cards are likely accepted in large cities. Local currency can be withdrawn at an ATM with a debit card, but fees will apply. Make sure to contact your bank a few weeks before departure to alert them to your international travel dates and locations. This will keep your cards active while abroad. Keep in mind that fees will be charged for international purchases. Contact your bank for these fees.

#### **VAT**

"VAT" stands for value-added tax. The tax is included in the price of the item, so the price you see is the price you pay. In France, the standard VAT is 20%.

#### **CELL PHONE USAGE**

Most cell phone carriers have additional international packages that you can add on at a monthly or daily rate. Depending on the carrier, this can cost anywhere from \$10-\$40 and will provide limited text messages, data usage, and calling minutes.

### **INTERNET ACCESS**

Your hotels and bus may have access to the internet, however, keep in mind that unless you have purchased an international data plan for your phone, access to email, texting, and other Internet-based applications will be subject to Wi-fi availability.

## **VACCINATIONS**

We recommend using resources such as the Center for Disease Control as you consult with your home doctor or other trusted medical sources, in order to make the best possible decision regarding your health. If you reside in the Central Virginia Region, below are local medical offices that you may consider consulting. Keep in mind some vaccinations require a minimum amount of time to take effect before entering another country. Communicate when and where you will be traveling.
