## Tips & Information

- Call your bank and inform them which countries you will be visiting, and on what days, to prevent your credit card from being declined.
- Check the projected weather of where you are going and pack with this in mind (potentially bring a rain jacket, light sweater, or hat depending on the weather of your destination).
- Be conscientious of clothing modesty and any writing or logos that may be offensive to different cultures.
- Pack heavy items at the bottom so clothes don't slide around.
- Leave room in your suitcase for any souvenirs you buy while in-country.
- Tape the lids of liquid bottles to keep them shut. Do not take pressurized spray cans as they may explode in flight.
- Make a list of everything you packed (Insurance Purposes).
- Make two copies of all travel documents and leave one copy at home in case your documents are lost or stolen.
- Pack as if you will not be able to purchase any necessities you may need at your destination.
- Pack as light as possible as you will be carrying your own luggage.
- Consider bringing some clothes with secret pockets to store money and other valuable items when in crowded or large areas to prevent pickpocketing.
- Remove all baggage tags or stickers from previous flights.
- Label your bags inside and out with your name, destination address, email, and mobile number.
- Add colorful straps or tags to help identify your bag on the carousel.
- Adaptor - In Greece, the power plugs and sockets are of type C and F. The standard voltage is 230 V and the standard frequency is 50 Hz.
